## Public Comment Period Closes Monday, October 26, 2015

Comments must be post-marked or received electronically by the comment deadline.

### *How to comment:*

- Submit this form to the Environmental Review Specialist at a public meeting
- Mail this form remembering to affix appropriate postage
- Mail comments in a separate envelope to the address on this form
- Fax comments to the Environmental Review Specialist: (651) 539-0109
- Email comments to the Environmental Review Specialist: [andrew.levi@state.mn.us](mailto:andrew.levi@state.mn.us)
- Use the online comment form at: <http://mn.gov/commerce/energyfacilities/#comment>

Comments do not need to be on this form to be accepted. We encourage you to provide comments in whatever way is most convenient for you. If commenting by email or fax use *"Public Comment: Bull Moose 115 kV Project (TL-15-628)"* in the subject line.

**THANK YOU** for participating in the permitting process! By commenting you are helping inform the Minnesota Public Utility Commission's decision regarding this project.

### **Bull Moose 115 kV Project** Docket No. E2/TL-15-628

Applicant's stated purpose: The applicant proposes to construct two and one-half miles of new 115 kV electric transmission line to provide electric service to a proposed crude oil pumping station located approximately two and three-quarter miles south/southwest of Backus, Minnesota.

Please share your comments on the proposed project. Comments will be used to help focus the environmental assessment on the potential human or environmental impacts and issues important to making an informed permit decision. Please be as detailed as possible. Use additional pages as needed. Contact Andrew Levi, Environmental Review Specialist, with any questions about commenting or how to submit your comment(s). For help suggesting an alternative route, refer to the fact sheet: *How to Suggest Alternative Power Plant Sites or Transmission Line Routes* available at:

<http://mn.gov/commerce/energyfacilities/>

For project information visit: <http://mn.gov/commerce/energyfacilities/Docket.html?Id=34235> or contact the Environmental Review Specialist at: [andrew.levi@state.mn.us](mailto:andrew.levi@state.mn.us) or (651) 539-1840.

Email: \_\_\_\_\_

- What human and environmental impacts of the proposed transmission line should be studied in the environmental assessment (EA) prepared for this project?
- Are there any specific methods to address (avoid, minimize or mitigate) these impacts that should be studied in the EA?
- Are there any alternative routes or route segments that should be considered to address these impacts?
